This presentation contains certain forward-looking information and statements. Such forward-looking information and statements are based on the current, estimates and projections of the Company or assumptions based on information currently available to the Company. Such forward-looking information and statements reflect current views with respect to future events and are subject to risks, uncertainties and assumptions. The Company cannot give assurance to the correctness of such information and statements. These forward-looking information and statements can generally be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements sometimes use terminology such as "targets", "believes", "expects", "aims", "assumes", "intends", "plans", "seeks", "will", "may", "anticipates", "would", "could", "continues", "estimate", "milestone" or other words of similar meaning and similar expressions or the negatives thereof.

By their nature, forward-looking information and statements involve known and unknown risks, uncertainties and other important factors that could cause the actual results, performance or achievements of the Company to differ materially from any future results, performance or achievements that may be expressed or implied by the forward-looking information and statements in this presentation. Should one or more of these risks or uncertainties materialize, or should any underlying assumptions prove to be incorrect, the Company's actual financial condition or results of operations could differ materially from that or those described herein as anticipated, believed, estimated or expected.

Any forward-looking information or statements in this presentation speak only as at the date of this presentation. Except as required by the Oslo Stock Exchange rules or applicable law, the Company does not intend, and expressly disclaims any obligation or undertaking, to publicly update, correct or revise any of the information included in this presentation, including forward-looking information and statements, whether to reflect changes in the Company's expectations with regard thereto or as a result of new information, future events, changes in conditions or circumstances or otherwise on which any statement in this presentation is based.

Given the aforementioned uncertainties, prospective investors are cautioned not to place undue reliance on any of these forward-looking statements.
Highlights second quarter 2020

- Order intake of BNOK 6.07 with book/bill of 1,01
- BNOK 5.98 in revenue
- Solid profitability with EBITDA of MNOK 772 (12.9%)
- Cost focus and cost reduction initiatives
- Value capture and integration of CM on track
- Several important agreements
- Strategic acquisitions
Good order intake in a challenging period

RWS to the Canadian army
MCT - 30 to the United States Marine Corps
Real-time software service

Strong order intake from the F-35 program
Realised multiple cross sales opportunities
Book bill above 1 in KM
Solid performance in all business areas

Maritime deliver good financial results, despite a challenging market
- Aftermarket impacted by COVID-19
- Cost initiatives and solid operations
- Market continues to be challenging with;
  - low contracting of new vessels
  - oil price
  - intensified cost focus

Increased interest in our digital product portfolio
- Continue to gain momentum in energy segment
- Significant increased number of users on the Nyhamna Dynamic Digital Twin
- Complement the product offering through bolt-on acquisition

Defence continues to sign strategic contracts and delivers on operations
- Signed strategic agreements
- Increased footprint in MRO through bolt-on acquisition
- Good project execution
- Recruiting campaign
Acquisitions of COACH solutions and Patria Helicopters

**COACH Solutions**
- Entry-level vessel performance systems
- Increases installed based with ~600 vessels
- Complementary to KDI’s product offering

**Patria Helicopters**
- Strengthens KDA’s positions in the MRO segment and ability to support the NH-90 helicopters
- Transaction completed 1. July
COVID-19 Update

Our #1 priority remain: Safeguard our employees, deliver to our customers, and secure financial strength

Less strict travel restrictions and gradual “return to office” in certain regions

Continue to work with governments to promote value creating activities

Position KONGSBERG for “the new normal”

Cost focused and agile with regards to the market situation
Financial status

Gyrid Skalleberg Ingerø, CFO
KONGSBERG financial results
Stable revenues and solid profitability

Financial highlights

- Lower order intake in both KM and KDA compared to a strong Q2 2019
- Decreased revenue in KM offset by increased revenue in KDA
- Solid EBITDA in the quarter attributable to;
  - extraordinary efforts from all employees
  - strict cost focus and COVID initiatives
  - strong execution of air defence contracts
  - lower integration cost
- Good quarter in KDI;
  - Increased demand for digital solutions
  - Book-to-bill above 2

Order backlog and order intake

Order intake continue to support a book/bill above 1

Stable order backlog throughout second quarter

H1 ‘20; BNOK 12.88
H1 ’19; BNOK 12.96
Cashflow development

Cashflow impacted by changes in working capital and currency effects

- Positive impact from operations offset by changes in working capital
- Increase in working capital offset by reduced trade receivables
- CF from investments due to expansion of aerostructure factory and acquisition
- Dividends payment NOK 2.50 per share paid out in May
Order intake down, while backlog remain stable

Order intake down ~22% vs. Q2 2019

Order backlog remain stable

(H1 ‘20; BNOK 8.67
H1 ‘19; BNOK 7.22)
Decrease in revenue offset by good operating performance with increased profit and margins.

Outlook – solid operations, but continued uncertainty

**KDA**
Current backlog secure growth in 2020
Solid margins due to good project execution
Possible delays in certain programs due to COVID-19

**KM**
Good order backlog coverage and stable lifecycle business, although expected impacted from COVID-19
New build market expected to remain challenging
International trade development may further impact activity level

**KDI**
Increased interest and demand for KONGSBERG’s digital solutions
Certain segments challenging due to COVID-19
Reduced investment levels among O&G companies may impact order intake
