

# MBR power supply

KONGSBERG

## MBR power supply

The MBR (Maritime Broadband Radio) power supply can power up to two Radio Units. It is designed to fit standard 19" racks. The power on/off switch and air intake filter are located behind the lid at the left part of the front panel. The rear panel of the power supply contains power input and terminals for power output.

## Technical specifications

### Output

MBR ports	2 × 48 VDC Fuse 6.3 A
Aux ports	2 × 48 VDC Fuse 500 mA

### Environmental specifications

Operating temperature	-15 °C - +55 °C
Storage temperature	-20 °C - +70 °C
Operating humidity	95% non-condensing, max.
Ingress protection	Front IP42, rear IP21
Enclosure material	Aluminium

### Input

Input voltage	110 - 240 VAC 50/60 Hz Fuse 6.3 A L250
---------------	----------------------------------------------

### Standards and regulations

EMC	IEC 60945/EN 60945
Product safety	IEC 61010-1/EN 61010-1

### Weight and dimensions

Dimensions	88.1 × 485 × 334.75 mm
Weight	6.4 kg
