

KONGSBERG

## Highlights

- Small and Medium Caliber Weapons
- In operational use for 20+ years
- Wireless Operation
- CUAS-ready, Fielded and Combat-Proven.
- Unprecedented Accuracy

## Remote Weapon System

# Sea PROTECTOR RS4

## Advanced Weapon System for Naval Operations

Since the early 2000s, the PROTECTOR Remote Weapon System has played a vital role in enhancing operational safety and effectiveness.

With over 24,000 units delivered worldwide, KONGSBERG is a global leader in remote weapon technology - trusted by frontline operators for its reliability, precision, and cutting-edge innovation.

### Proven Performance

Sea PROTECTOR RS4 is a Remote Weapon System designed specifically for maritime operations, building on the proven performance of the PROTECTOR Family used by armed forces worldwide. With more than 20 years of combat experience and continuous development in collaboration with military operators, it offers a mature yet advanced solution. The Sea PROTECTOR RS4 variant is optimized for naval platforms, providing reliable and precise capabilities for harbor defense and patrol missions. It integrates seamlessly with combat and bridge systems, ensuring enhanced protection and operational efficiency in demanding sea environments.

### Leading Technology

All PROTECTOR Weapons Systems, including Sea PROTECTOR RS4, enhance situational awareness and support manned-unmanned coordination through

Collaborative Fire Control, tailored for naval operations. Sea PROTECTOR RS4 can be integrated with adjacent systems, such as:

- Combat and Bridge Systems
- Battlefield Management Systems (BMS)
- Sensor Systems and Defensive Systems (e.g. Active Protection or Laser Warning Systems)

### CUAS

All PROTECTOR systems, including the Sea PROTECTOR RS4, can be fully configured with CUAS capabilities and provide a highly accurate solution for countering small- and medium-sized drones. This capability is enabled through integration of radars and other sensors and effectors into the PROTECTOR fire control system. PROTECTOR CUAS is currently fielded in both naval and land-based applications, including on unmanned platforms.

### Customer Support

KONGSBERG offers comprehensive customer support, including training, maintenance, and technical assistance, ensuring users can maximize system capabilities throughout its lifecycle.

## Sea PROTECTOR RS4 Technical Data

Weapons	Browning M2 12.7 mm
Day sight	VIS-95
Thermal sight	Thales Dual Field of View, Safran Satis GS
Laser Range Finder	BATRAM 1550
Slew rate	Azimuth 360° unlimited range, 90° / second
Elevation	-20° to + 60°; 70° / second
Weight	From 195 kg excl. weapon and ammunition From 295 kg incl. weapon (M2) and 400 rounds (12,7mm)
Size	H: 830 mm; W: 890 mm; L: 962 mm
Other	Sensor cleaning system (optional) ITAR-free (optional)

### Weapon Integration:

- Browning M2 (12.7 mm)
- WKM-B (12.7 mm)
- MK19 (40 mm)
- MK47 (40 mm)
- H&K GMG (40 mm)
- M240 (7.62 mm)
- UKM-2000C (7.62 mm)
- M134 Minigun (7.62 mm)
- M249 (5.56 mm)
