Subject: RE: Application to update our letter of acceptance SA410 with new functionality and name.

Good morning Geir

Thanks for your email requesting a new acceptance letter for K-Log Electronic Logbooks for Isle of Man Registered vessels.

For your information we can accept the following log books in electronic form:

- Deck Logbook
- Engine Logbook
- Operational Logbook
- Dynamic Positioning Logbook

We cannot currently accept the following log books in electronic format and the paper format prescribed by IMO must still be used:

- All log books required by the MARPOL Convention
- Radio (GMDSS) Logbook

Also the Isle of Man Ship Registry's Official Log Book is being reissued in 2016, but this must be maintained in a paper format.

Best regards

Paul Grace
Technical Policy Lead, Isle of Man Ship Registry
