DIMENSIONAL SKETCH
for stem type bearing temperature with double elements type MN681--

Temperature sensor

Letter No.1: Double element, 2x2-wire

Letter No.2: Double element, 2x4-wire

ORDERING EXAMPLE:
MN681D2600075

REMARKS
1. Material: sensor pipe: brass
2. Protection guide: PrF
3. Temperature range sensor: 50°C to 100°C
4. Temp. Range sensor: 65°C to 155°C
5. Temp: range cable: 65°C to 155°C
6. Distance per meter of cable: 0.7 inches.
8. Wire size for both elements, they are located.
9. Designation: 07/10/20 SURPAV.

All figures, resistances, specifications subject to change without notice.
