NVC 331 75M PELAGIC TRAWLER

General

Our family of pelagic trawlerS are all designed for safe, environmentally friendly, reliable and economical fishing in harsh waters.

The pelagic trawler vessels may be fitted with different propulsion systems; single-screw, twin screw, azimuthing thruster in foreship. Depending on operational profile of vessel, we will, in close cooperation with Owners, find the optimal propulsion system for each specific vessel and fishing operation.
